

# We Love Learn and Play

December 5, 2011

Dear Madhu, Wini and James:

I have been privileged to join Isabella Joseph's class for their morning routine on Halloween and on the day before thanksgiving. It was a great experience. I commend and appreciate Ms. Esther's enthusiasm and love for the children. She engaged all the children with songs and stories. I have recorded these sessions for Isabella to see as she grows up, these are not only precious memories but a learning tool for her now. Isabella enjoys class so much that she runs to class these days instead of clinging on. She has grown and matured in this class and I am so thankful for all the work that is done; especially to Ms. Esther.

I am also thankful to the other teachers who have helped in this process. As a year at Learn and Play approaches all I have is positive words to rave. The children's art show was an absolute delight; I was so proud to see my one year old daughters' art work on the wall of fame this was a priceless memory. The summer program was also excellent; Isabella enjoyed the different program each week. I also commend the artist who has created the sesame street characters at the front door; Isabella enjoys it so much that she greets them as she arrives and says goodbye to them when she leaves.

Thank you for all that you do in keeping the children happy while we are away; we truly appreciate your work.

Sincerely,

Jincy Joseph
