Learn & Play

Dear Friends,

I am a mom of a 4½ year old. I was looking for a day-care that would be near my home & walk. But location was not only the factor for me to choose Learn & Play. I liked the fact that it is very clean, spacious, has an indoor playing ground, indoor slides, a computer lab (which my son loves), a catio.

Learn & Play has a structured schedule which gives my son plenty of time for physical activity, group activities, studying.

The teachers are friendly. They have a stimulating curriculum. He is learning maths & to pronounce different words. His vocabulary is expanding.

He gets nutritious food as per the health pyramid.

Learn & Play has a v. flexible schedule. I am able to drop off my son early or pick up late as per my schedule.

My son formed a strong bond with his teachers & other staff members within 2 days. I highly recommend it.

Sincerely,
Suneel-Dhindsa
(Armaan's mom)
